CATEGORY DESCRIPTIONS

Artistic Skating- (FS 1-10) All ages, with groupings corresponding to the highest ISI Freestyle test. There are no required maneuvers; however, emphasis will be placed on creativity and strong edges and bodylines. Duration is limited to 1.5 minutes for freestyle 1-5 and **2 minutes for freestyle 6-10** but may be less. Props of any kind are not permitted in the Artistic event. This includes portions of a costume (hats, boas) if it is detached from the costume and used as a prop.

Compulsory Maneuvers: (Pre-Alpha- FS10) Three pre-selected maneuvers are to be performed one time **in any order** in a pre-choreographed program with a minimum amount of connecting maneuvers. Please see draw sheet for selected maneuvers. **Additional maneuvers such as any jump, spin or gliding maneuver from a test level or any uncaptured move are not allowed.** The three pre-selected maneuvers are to be performed as a mini program and only executed once. Alpha- FS4 is performed on ½ ice and Freestyle 5-10 on full ice.

Couples: (1-10) Competitors may compete in similar or mixed events. In Competition, if either skater has passed an ISI Freestyle test, the couple may not compete any lower than one Couple test below the lower skaters Freestyle test level. There may not be more than one Freestyle level difference between the two skaters. A couple skater competing in Freestyle may not compete any lower than one Freestyle level below his Couple achievement.

Footwork: (1-10) Skaters perform footwork sequences of their own design to music. The program should contain a variety of turns and sequences and it is suggested that there be a change of tempo to emphasize the skater's controlled edges and turns in addition to the speed and quickness of the routine. The one-minute program may contain 1/2 rotation jumps, and spins less than three revolutions.

Interpretive: (1-10) Several test levels and genders may be combined for competition purposes. Skaters listen to a piece of music three times while they mentally choreograph a competition program to it. Emphasis is on the skater's ability to choreograph to music, not on the difficulty of the skating maneuvers. Interpretive 1-3 can do maneuvers from FS 4 and below; Interpretive 4-5 can do maneuvers from FS 6 and below; Interpretive 6-10 can do any maneuvers. Please use handbook for rules. Skaters are not allowed to be coached by instructors, parents, or anyone else during this event. Music is provided by The Ice Sports Forum.

Open Freestyle- (Bronze-Platinum) Event groups will be divided by age and level. ISI skaters that have passed Freestyle tests can participate in both the Freestyle level events AND the Open Freestyle Event without passing any additional test. Skaters from USFS that have not passed any previous ISI Freestyle Tests must pass the Open Freestyle test equivalent before joining the Open Freestyle event. There are no required maneuvers for any level of Open Freestyle competition event programs. The Open Freestyle Short Program is offered for Gold and Platinum level. Please see the 2018 rulebook.

Pairs: (1-10) Two skaters of opposite sex perform a program together of their own music. The program should contain their test level maneuvers and other maneuvers from prior test levels.

Programs: (Tots – FS 10) Levels will be divided by age and level. Each competitor will perform all of their required moves on their test level and other maneuvers from prior tests, to music, on the full ice surface. **One and only one Freestyle One maneuver must be performed in the Pre- Alpha through Delta programs. Tots may add the extra maneuver however it will not be judged.**
